December is Domestic Violence Month

The Sexual Assault Treatment Centre Domestic Violence Program is joining with programs throughout the province and the country to increase awareness of Family Violence in our communities. Locally, the members of our team will join with CAW for a vigil on December 6 at 11 am at the Chrysler Plant in Windsor. The purpose of the vigil is to remember members of the CAW who have been victims of domestic violence homicide. Also on the 6th at the University of Windsor is a vigil to remember women throughout the country who have lost their lives as a result of violence.
