Campaign for CT Scanner is Launched!

Windsor Regional Hospital recently hosted a reception to celebrate the installation of a 64 slice scanner in the Diagnostic Imaging Department. On Wednesday, April 18th at 10:30 a.m. in Ambulatory Care, the Dragon Boat Festival organizers will be announcing a major commitment to this project—Everyone is welcome. Efforts to raise funds for the Scanner are ongoing—watch for a special Gardening Raffle. For more information contact the WRH Foundation office at 52005.

Medical Lab (The People behind the Results)

National Medical Laboratory Professionals Week is April 22nd to the 28th. It is an opportunity to increase the understanding of and appreciation for clinical laboratory personnel. Medical Labs play a vital role in health care. Check out WRH's display next week in the Met Campus Lobby.

Windsor Regional Hospital Celebrates our Volunteers

April 15th through the 22nd is National Volunteer Week. It is a time for us to recognize and show appreciation to all of our Volunteers. Windsor Regional Hospital has over 400 volunteers who perform a variety of tasks at both Campuses. Over 40,000 volunteer hours were logged last year. Take a minute to thank volunteers in your area for their contribution.

Administrative Assistants Day is April 25

April 25th is Administrative Assistants Day. This day (originally called Secretaries Day) was first celebrated in 1952 in the United States. In 1998 it was changed to Administrative Assistants Day to represent the full range of Administrative positions that exist. Appreciation is extended to all Windsor Regional Hospital Administrative Assistants.

We Care—Recycle Program

Last year recycle boxes were placed on various floors around both the Met and Western Campus and the response has been very positive. Each of us can do more to help make this program be successful—for instance, any paper that is not confidential in nature can be placed in the recycle boxes instead of shredding. This will cut down our costs and contribute to reducing the 'footprint' the Hospital makes on this earth.

***WRH Recycling Program Tip - Did you know that 'clam shells'
(the plastic container sandwiches/salads come in) are not recyclable?***

***Only plastic bottles can be placed in our recycle boxes—remember to check the neck!
The spout must be smaller than the bottle.***
