Gift of Life

Windsor Regional Hospital is pleased to be part of the Trillium **Gift of Life** Network. Participating in this Ontario program means that the Network will be notified of patients passing to find out if the patient has consented to organ donation. Trillium Gift of Life Network is committed to creating a culture that enables every Ontarian to make an informed decision about organ and tissue donation and to support healthcare professionals in implementing those decisions. It is the responsibility of the Trillium Gift of Life Network to be the provincial resource for the planning, promotion, coordination and management of the organ and tissue donation system in Ontario, and to ensure the system is equitable, efficient, safe and effective. For more information on the Gift of Life Network visit www.giftoflife.on.ca or contact Rita Taillefer, Manager of Critical Care ext. 52537 to learn more about WRH's role in organ donation.
