MRI Wait Times—Best in the Province!

Patients at Windsor Regional Hospital waiting for an MRI do not have to wait very long as the hospital reports that its wait times for an MRI have been reduced to only 22 days - the lowest in the Province of Ontario. In fiscal year 2009-2010, total volumes of patients receiving an MRI at Windsor Regional Hospital was 9,137. It is predicted that for this current fiscal year, 2010-2011, total volume of patients will exceed 9,800 patients. The MRI now operates daily for 16 hours a day depending on the demand for service.
