Luck is what happens when preparation meets opportunity. *Seneca*

Medicine Comfort Rounds—A Success!!!

The Medicine Program started “Comfort Rounds” on ME-2 and ME-3 (4N and 6N). **Comfort Rounds** are a deliberate action by the RNs every 2 hours to assess each patient and provide a variety of interventions to improve comfort. Comfort Rounds will roll out to the remainder of WRH soon. The number of falls experienced by patients has decreased dramatically after comfort rounds were initiated—that is something to celebrate!!!

Be a Donor!!

April 18-24 is **National Organ and Tissue Donor Awareness Week**. The Gift of Life Organization will be at the Met Campus on Thursday, April 26, 2012. Windsor Regional Staff are encouraged to show their support for Organ Donation by ‘Wearing Green’. Any staff (professional staff, employee or volunteer) who visits the booth and either signs up to be an organ donor or shows they already are one (Ontario Health Cards) is eligible to enter a draw for \$200 in Best Buy gift certificates. (Please note: a campaign at the Tayfour Campus is planned for the future!)

Groundbreaking News!!!

An Official Ground Breaking Ceremony for the new Windsor Regional Children’s Centre Family Learning Place / Gymnasium & Pool Complex Tayfour Campus will take place Friday,, April 27, 2012 @10:30 a.m.-Lawn Area (adjacent east side of Malden Park Facility). Minster Dwight Duncan and MPP Theresa Piruzza will be in attendance. Everyone is invited.

Boot Camp

Join the Climb Kili 2012 group on Saturday, May 5 at the WFCU Centre to be part of a **World Record** attempt to have the world’s largest boot camp. The event is being held as a fundraiser towards the Climb Kili’s pledge to Windsor Regional Hospital’s Rehabilitation Program as part of the *Cornerstone of Caring* Campaign. For more information, email: climbkili2012@gmail.com.

Long Term Care Fair

The public is invited to attend a **Long Term Care Fair** being held in the Malden Park building (2nd Floor Rehab Room), Tayfour Campus. The fair will be held on April 25th, 2012 from 1pm to 6pm. For more information call ext. 75441.

Did you know?

April 22-28 is National Medical Laboratory Professionals Week. During that week, the medical community recognizes clinical laboratory professionals and their critical role in quality health care. Clinical laboratory professionals are responsible for performing laboratory tests that provide over 70% of the information for medical-decision making.
