## New EAP Provider for WRH Employees

For many years Windsor Regional Hospital has provided confidential Employee Assistance Program (EAP) services to all employees and their families at no cost to the employees. Effective February 15th, 2012, we will join with others in the Erie St. Clair LHIN with the announcement of our new EAP provider—FSEAP Erie St. Clair. The new program is made up of Family Service Kent, Family Counselling Centre of Sarnia and Family Service Windsor-Essex County. The services provided to our employees will be of the same nature as previously provided by FGI Shepell with the additional advantage that FSEAP provides the option of a number of “walk in clinics” in a number of communities within Windsor/Essex County for employees who would rather have “in person” counselling services.
