## Happy Nurses Week!

During National Nurses Week 2013, we recognize nurses for their contributions to the health care system, both in the role they play as expert clinicians in diverse care settings and as leaders who can dramatically influence the quality of care and overall performance of the system into the future. The nursing profession plays an essential role in improving patient outcomes, increasing access, coordinating care, and reducing health care costs. Congratulations to WRH Nursing Excellence Award winners: Shelley Farrand, CCC, Frontline Nurse Award; Mary Sauve, Paediatric Metabolic Clinic, Nurse Leader Award; Deborah Archibald, and Ruth Wilson, Paediatrics, Compassionate Nurse Awards; Sukhwinder Saini, CCC, Novice Nurse Award and Medicine Program Redesign, Nursing Team Award. Congratulations are also extended to new Daisy Award Winners: Ena Montelone, Paediatrics and Deb Ruston, CCC.

May 5th through 11th is **North American Occupational Safety and Health (NAOSH) Week**. NAOSH is a partnership between three countries - Canada, Mexico and the U.S. and is a tripartite partnership between business, labour and governments.
