## Full-Time Glaucoma Specialist, Ophthalmology

The Division of Ophthalmology at Windsor Regional Hospital (WRH) in Windsor, Ontario is inviting applications for a full time Glaucoma Specialist to join its team!

The successful candidate will join a well-established team of Ophthalmologists in delivering both glaucoma and general ophthalmic services at WRH. The candidate will be supported with up to 1 day of Operating Room time per week.

Windsor Regional Hospital is affiliated with the Schulich School of Medicine & Dentistry, Western University (Windsor Program) and we encourage faculty appointment. This affiliation will provide the preferred candidate the opportunity to pursue scholarly activities.

Applicant Physicians must have licensure with the College of Physicians and Surgeons of Ontario (CPSO) and have, or must be eligible, for certification in Ophthalmology from the Royal College of Physicians and Surgeons of Canada. The successful candidate must have Glaucoma fellowship training or alternatively have completed additional Glaucoma surgical training during their final year of Ophthalmology Residency.

The Windsor-Essex area is ecologically rich with extensive parkland along with a southwest location that extends warm weather activities such as golfing, gardening, and water sports. Windsor offers the unique opportunities of a larger metropolitan area and the benefits of a smaller community. Living directly across the border from Detroit, Michigan places you on a cosmopolitan stage where arts, culture, big league sports, and entertainment are just moments away. Best of all, you can enjoy access to all of these big-city advantages while living in the relative tranquility (and low costs) of a much smaller, friendlier community.

Please submit a most recent CV to:

Note: Only those selected for an interview will be contacted.

Dr. Wassim Saad, Chief of Staff
