

DEPARTMENT OF MEDICINE - CRITICAL CARE MEDICAL DIRECTOR, CRITICAL CARE PROGRAM

The Department of Medicine at Windsor Regional Hospital (WRH) is currently recruiting for a Medical Director to lead its Critical Care Program. This position comes at a very exciting time as the program is in a state of growth and will provide an opportunity to work along side a dynamic multidisciplinary team of care providers. Our intensivists have a wide variety of subspecialty training in respiratory medicine, general internal medicine, gastroenterology, anesthesia, and emergency medicine.

We provide state-of-the art critical care to the wide catchment area of Windsor and Essex County, including regional trauma, neurosurgical, vascular, renal, cardiology and stroke programs. We support complicated medical patients and have a close working relationship with the Windsor Regional Cancer program (WRCC).

We have 39 Level 3 advanced beds over our two acute care sites with future growth potential. Provision of on call coverage, depending on other clinical duties or interests, is expected to be between 6-10 weeks a year as well as a commensurate number of Critical Care Outreach Team (CCOT) weeks. Opportunities in the successful candidate's base specialty, where applicable, can be provided.

The Medical Director will display strong leadership skills and facilitate program development through an evidence-based approach. The successful candidate will possess excellent communication skills and effectively collaborate and engage with frontline staff. The Medical Director will embody WRH's mission of providing quality person-centered health care services to our community, and will work closely with the VP of Critical Care, the VP Medical Affairs and Chief, Department of Medicine, in her or his role.

About Windsor Regional Hospital

Windsor Regional Hospital (WRH) offers the opportunity for a fantastic career in an award winning health care facility. WRH is a multi-site health service organization providing Acute Medical and Surgical Services including Renal, Emergency, Family Birthing Centre, Neonatal Intensive Care, Paediatric Services, Critical Care (ICU/CCU), Regional Cancer Services (Inpatient Oncology, Windsor Regional Cancer Centre, Breast Health Centre), Neurosciences and Mental Health Services to 400,000 people in Windsor and Essex County. WRH provides Acute Care Services with over 600-beds on our multi-site locations.

About Windsor and Essex County

The Windsor-Essex area is ecologically rich with extensive parkland along with a southwest location that extends warm weather activities such as golfing, gardening, and water sports. Windsor offers the unique opportunities of a larger metropolitan area and the benefits of a smaller community. Living directly across the border from Detroit, Michigan places you on a cosmopolitan stage where arts, culture, big league sports, and entertainment are just moments away. Best of all, you can enjoy access to all of these big-city advantages while living in the relative tranquility (and low costs) of a much smaller, friendlier community.
