

GREEK FETA PASTA SALAD

SUBMITTED BY: Michelle Caron, Supervisor - Guest Services

This is one of my family's favorites! Its so quick and easy and is a great summer salad. We actually eat it year round. Can't ever go wrong and you can modify to your liking. Add dill if you want to give it a little more zip of flavor!

DIRECTIONS:

1. Using your favorite pasta (I like to use bowties, rotini or small shells) boil one bag (any 500-900g bag). Drain once noodles are tender and cool in cold water for about 15 minutes.
2. Add one full container of Renee's Greek Feta Dressing and mix in the pasta.
3. Add a container of feta cheese (or 2 depending on your like of feta) crumble the feta through the pasta leaving some in chunks.
4. Add sliced black olives, cherry tomatoes cut in half to your liking and sliced cucumbers. Sprinkle parsley on top for garnish.
5. Refrigerate and enjoy!

INGREDIENTS:

1 package pasta

1 bottle Renee's Greek Feta Dressing

1x100g container of feta cheese in brine

1 container of ricotta cheese

black olives

cherry tomatoes

cucumbers

parsley
