## **INTERIM PARKING CHANGE METROPOLITAN CAMPUS SHUTTLE LOT**

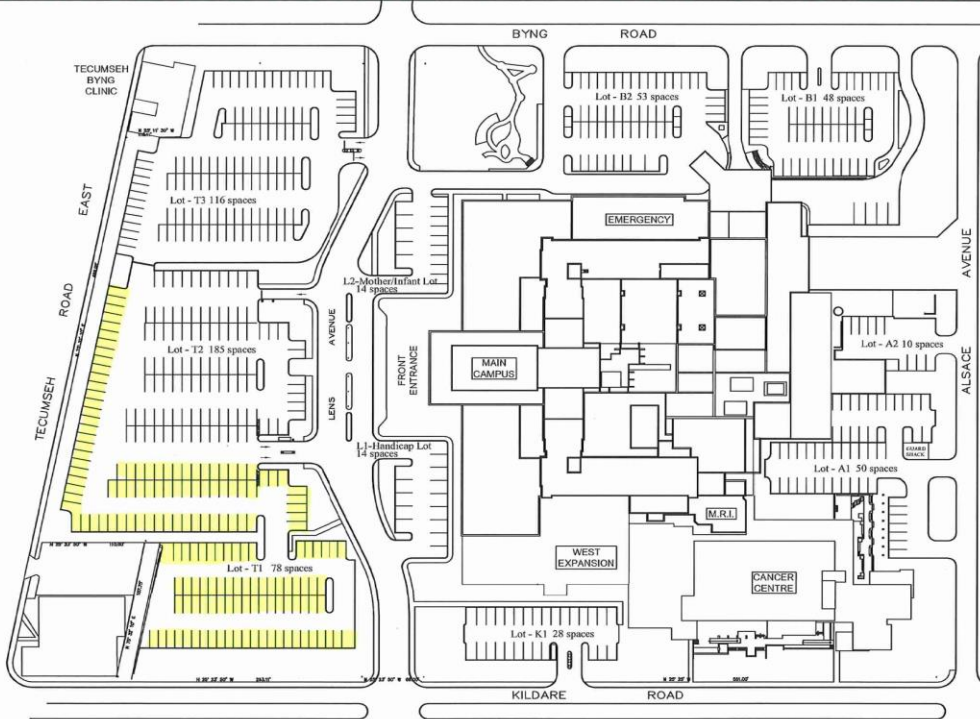

Please be advised that effective Monday, March 23, 2020 the main front parking lot at the Metropolitan Campus will have 175 parking spaces available for those staff who **pay for parking at the SWT Shuttle Lot (Kildare lot)**.

These parking spaces will be available on a first come/first serve basis. When these spaces are filled all others **must** park at the SWT lot. Security will enforce this. **Any** abuse directed toward security personnel will not be tolerated. We will be monitoring the situation daily and will adjust the number of spots up or down accordingly.

The process will work as follows:

- 1) Staff who pay for parking can pick up a pass in the Human Resources Office at the Met Campus starting at 8.30 am Friday March 20, 2020. (The Human Resources Office is Open between 8:30 and 4:30pm, Monday to Friday).
- 2) Staff are to display this pass on either their dashboard or hanging from their review mirror.
- 3) When parking in the front lot, staff are to show security their WRH Employee Badge, as well as the Interim Front Lot Parking Pass. Passes cannot be shared or passed off between employees.
- 4) You **must** park in the area/parking spaces that will be designated for staff (see drawing below). Please note there is camera coverage of the parking lot.
- 5) If staff cancel their parking deductions, they will be unable to continue parking in the front lot.
- 6) Any abuse of this will result in a revocation of parking privileges at Windsor Regional Hospital.

Please be aware that this is temporary and when operational considerations dictate, we will revert to previous practice.

Parking Lots	
T2 - Visitor Parking	185 spaces
