## Actions Taken:

- The Government of Canada has warned against all international travel. All travellers arriving in Canada from international points are being asked to self-isolate for 14 days as a precaution.
- **The ministry revised the COVID-19 case definition to clarify who should be tested. We are asking all providers not to test asymptomatic individuals.**
- The Chief Medical Officer of Health issued a memo (attached) discussing Enhanced Public Health measures for COVID-19. Highlights from this memo include:
  - Advising the people of Ontario to avoid all non-essential travel outside of Canada. If you decide to travel outside of Canada with children, they will be required to self-isolate for a period of 14 days upon return.
  - Similar to recent guidance for long-term care and retirement homes, all licensed child care centres are asked to actively screen children, parents, staff and visitors for any symptoms and travel history that may be related to COVID-19 based on the ministry's case definition.
  - Recommending the immediate suspension of all large events and public gatherings of over 250 people. Organizers who have questions about smaller gatherings are encouraged to contact their local public health unit.
- The Chief Medical Officer of Health also issued a memo to Long-Term Care Homes, Retirement Homes, Supportive Housing, Hospices and other congregate care settings on **allowing only essential visitors.**
