North America	1,479,793	+23,919	88,594	+1,805
United States	1,408,636	+22,743	83,425	+1,629
Canada	71,157	+1,176	5,169	+176

- 329 new cases were reported today in Ontario, bringing the cumulative total to 21,236 (this includes 15,845 resolved cases and 1,765 deaths).
- In Ontario, a total of 475,058 tests have been completed, with tests performed at Public Health Ontario Laboratories and non-Public Health Laboratories. There are currently 13,395 tests under investigation.
- 1,018 patients are currently hospitalized with COVID-19; 189 are in ICU; and 144 are in ICU on a ventilator.

Actions Taken

- The [Ontario government](#) is working together with the province's education sector to voluntarily place available employees in staffing roles needed at congregate care settings during the COVID-19 outbreak. This initiative is part of the government's ongoing efforts to redeploy broader public sector workers to areas where they are needed most, such as hospitals, long-term care homes, retirement homes, women's shelters, and homes serving those with developmental disabilities.
- The Minister of Health [issued a statement](#) about multisystem inflammatory vasculitis, indicating Ontario is taking immediate action to better monitor this emerging issue to effectively respond to the illness and protect Ontario's children.
