- 399 new cases were reported today in Ontario, bringing the cumulative total to 19,121 (this includes 13,569 resolved cases and 1,477 deaths).
- In Ontario, a total of 380,854 tests have been completed, with tests performed at Public Health Ontario Laboratories and non-Public Health Laboratories. There are currently 13,012 tests under investigation.
- 1,033 patients are currently hospitalized with COVID-19; 220 are in ICU; and 155 are in ICU on a ventilator.

Actions Taken

- Guidance for Hospice Care has now been posted on the ministry's [website](#).
- The [Ontario government](#) has developed a comprehensive framework to help hospitals assess their readiness and begin planning for the gradual resumption of scheduled surgeries and procedures, while maintaining capacity to respond to COVID-19. Timelines will vary from hospital to hospital and be conditional on approval by regional oversight tables involved with planning and coordinating Ontario's response to COVID-19.
- The Screening Tool for long-term care settings has been updated and is posted on the ministry's [website](#).
