UPDATED COVID-19 HOSPITAL SPECIFIC DATA NOW AVAILABLE ON WRH WEBSITE

WINDSOR, ON. Windsor Regional Hospital has created an easy-to-access link to data on hospitalized COVID-19 patients and other hospital-specific information.

The daily upload of data is in response to increased demand for local hospital numbers and to allow quick, easy access for local media looking for the latest hospital statistics, which will include:

- Current number of patients in hospital with confirmed COVID-19
- Current number of patients in hospital with suspected/test pending for COVID-19
- Total number of individuals seen and swabbed in our assessment centre since March 16, 2020

The information can be found at www.wrh.on.ca/coronavirus. We will attempt to refresh these statistics and others daily, by late afternoon (time permitting).
